FRONT-END DEVELOPER • REACT • REACT NATIVE • NEXT.JS • WEB APPLICATIONS

Front-End Developer specializing in **React, React Native, and Next.js**, with experience building high-performance, **responsive web and mobile applications**. Strong foundation in **UX/UI design** and user-centered development, with attention to **code quality, accessibility, and performance**. Experienced in managing projects end-to-end—from design and prototyping to development, deployment, and production updates.

- ◆ **UI/UX design, wireframing, prototyping, usability testing**
- ◆ **Scalable, maintainable** component-based development
- ◆ **Project ownership, deadlines, and cross-team collaboration**
- ◆ **Debugging, testing, and performance optimization**

Technical Skills:

- ◆ **Front-End:** HTML, CSS, JavaScript, TypeScript, React, Next.js, React Native, Tailwind CSS, Bootstrap
- ◆ **Back-End:** Node.js, Express.js, MongoDB
- ◆ **Development:** Testing, Debugging, API Integration, Git/GitHub
- ◆ **UI/UX:** Figma, Wireframing, Prototyping, Usability Testing
- ◆ **CMS/Platforms:** WordPress, Carrd
- ◆ **Project Tools:** Agile/Scrum, Trello, Asana
- ◆ **Collaboration:** Microsoft Teams, Zoom, GoToMeeting
- ◆ **Design Tools:** Adobe (Photoshop, Illustrator, Premiere Pro, After Effects), Sketch, Canva, Unity
- ◆ **SEO/Marketing:** Keyword Research, Analytics, Reporting

PROFESSIONAL EXPERIENCE

Style & Beauty — Full-Stack E-commerce Platform (Web + Mobile) | Next.js + React Native (Expo) 2026

- ◆ Built and deployed a responsive e-commerce platform using Next.js with reusable components and dynamic product data.
- ◆ Integrated real-time product data (JSON feed) to enable instant updates without requiring app rebuilds.
- ◆ Designed and implemented product browsing, filtering (brand, budget), and detail pages with affiliate-ready CTAs.
- ◆ Developed a companion React Native (Expo) mobile app leveraging a shared live data feed for real-time synchronization.
- ◆ Published and maintained production releases, delivering continuous feature updates and performance improvements.

Live Demo: [Style & Beauty](#) **iOS App :** [App Store](#)

Vistelle – AI-powered interior redesign application (React Native — In Development) 2026

- ◆ Designed multi-flow AI generation system (quick generate vs customizable redesign)
- ◆ Implemented structured input constraints (style, materials, lighting, budget)
- ◆ Integrated Express backend with OpenAI endpoints for image transformation
- ◆ Evaluated and refined AI outputs to improve realism and constraint adherence

LADAN KASHANI, FRONT- END DEVELOPER

Montreal, QC | 514-677-5254 | ladan.kashany@gmail.com

Binky Bunny — 2D Mobile Game | Unity + C#

2025

- ◆ Designed and developed a 2D mobile game using **Unity**, with custom assets created in **Adobe Illustrator**.
- ◆ Created character animations, environmental graphics, and UI elements.
- ◆ Implemented gameplay mechanics (item collection, interactions, tower knockdown) and optimized mobile performance.
- ◆ Prepared promotional assets and release materials for publishing on [iOS](#) and [Android](#).

KidsTalk — Language Learning App for Kids | React Native (In Development)

2026

- ◆ Designed and developed an interactive language-learning app for children featuring shapes, colors, vocabulary, stories, and mini-games.
- ◆ Built reusable components, animations, and navigation flows in React Native for a kid-friendly experience.
- ◆ Implemented bilingual support (English/French), custom illustrations, and audio-based learning features.
- ◆ Planned release for both **iOS** and **Android**.

WITT Hub — Ottawa, Canada | UX/UI Designer

2023–2024

Project: Co-parent Web Application

- ◆ Designed user-centered interfaces to improve usability and engagement.
- ◆ Conducted qualitative and quantitative research to inform product decisions.
- ◆ Delivered wireframes and interactive prototypes in Figma and collaborated with developers for implementation.

Freelance — Web UX/UI Designer & Developer

2021–2023

Projects: ACP Renovation (WordPress custom theme), Unisolution (WordPress), Time Tracking App (UX/UI), Language App (UX/UI)

- ◆ Designed user-centered interfaces to improve usability and engagement.
- ◆ Conducted UX research (interviews/surveys) and translated findings into improved UI flows.
- ◆ Built interactive prototypes in Figma and validated with usability testing (where applicable).
- ◆ Managed multiple projects independently while meeting deadlines and client expectations.

Azad University — Tehran, Iran | Research Assistant

2016–2017

- ◆ Assisted with academic research and data analysis in the Computer Science department.
- ◆ Compiled reports and supported faculty-led projects.

Educations

- ◆ **Advanced Diploma - ACS in Web Design & development** | CDI College, Montreal, Quebec
- ◆ **UX/UI Design Certificate** | UXLand Online School USA
- ◆ **Education Technique ACS** | College Edouard Montpetit Canada
- ◆ **Bachelor of Computer Science** | Azad University, Tehran, Iran

Certifications

- ◆ **The Ultimate React course 2024** | Certificate, Udemy
- ◆ **Google UX Design Professional** | Certificate, Coursera
- ◆ **Complete Web & Mobile Designer, UI/UX, Figma,** | Certificate, Udemy
- ◆ **The Complete Web Development** | Certificate, Udemy
- ◆ **The Complete WordPress** | Certificate, Udemy
